## Dear Standards Management Users

### Please note:

The following information does not apply to the collections AFNOR, BSI, PKN, SABS, SIS and TSE. Their data is supplied directly by the publishers and is fed into Nautos after a formal check by DIN Media GmbH.

### The following collections have not been updated (the issue which was last updated is shown in parentheses):

GOST (2022-02)  
PKN (2022-02)

### The following collections have undergone an exceptional number of changes:

#### SAE

For approx. 24,000 articles in the SAE collection, the properties pages and weight have been subsequently provided.

There has been an update of approx. 24,000 SAE metadata records to supplement the number of pages. For this reason, in this month the documents are labelled "C".

#### CIA

Due to new findings, the document type was changed from "standard" to "draft standard" for around 60 articles in the CIA regulations.

### The prices/price groups for the following collections have been modified:

ASTM
